HOLDON™ SCULPTING STYLING GEL

By Beautopia Hair

WHAT IS HOLDON™ GEL?

Holdon™ Sculpting Styling Gel by Beautopia Hair is an extremely firm-holding gel that is exceptional for sculpting and molding shapes. It feels sticky to the touch, but not on the hair. And, it adds volume, shine and manageability to hair while providing strength, control, and color protection with UV absorbers.

WHEN IS HOLDON™ GEL USED?

The Wet look. Matte look. Professional look. Edgy look. You just found it. It is exceptional for men's and women's short to medium cuts. This product is also a favorite for holding curl and giving body to fine, thin, flat hair.

WHY IS HOLDON™ GEL UNIQUE?

This product has extraordinary benefits. It's not only effective for shaping and holding, but also for nourishing your hair! Containing Aloe Barbadensis Gel, Kelp Extract & Hydrolyzed Keratin and Wheat Protein it adds enhanced manageability, strength, volume and shine while conditioning hair.

FIVE-STAR REVIEWS

★★★★★ **Greatest gel!!!**

This is by far my favorite hair gel. My 5 yr old niece and I both have curly hair and find that this gel calms the curls and doesn't make our hair crunchy. Yes, a 5 year old understands the importance of quality gel and always asks me to get her a new bottle when she runs out. A little goes a long way, so one bottle will last 3 months for me. Love this!
